Cube Optics AG  
4-channel line card  
Sep. 2005

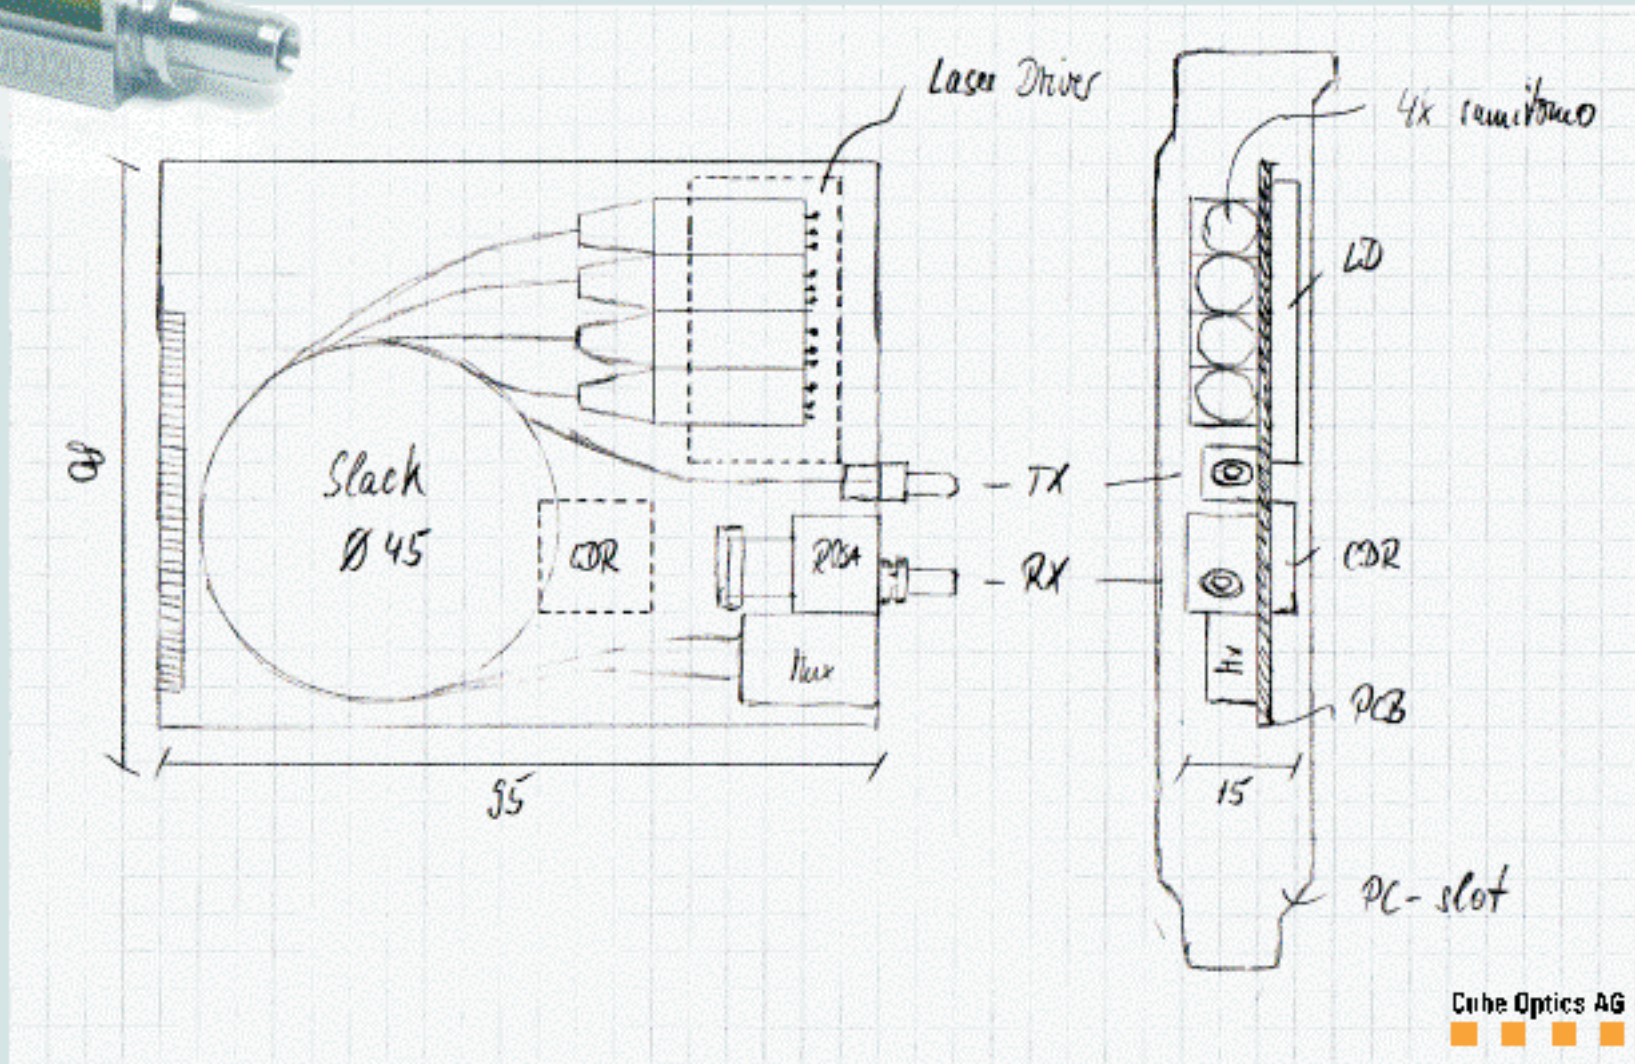

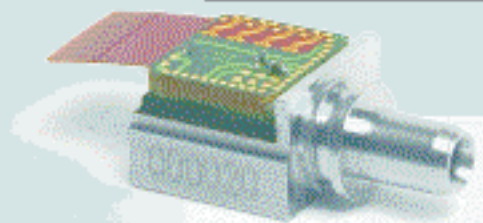

# 4-channel point-to-point link

## Remote cabinets

# CUBO 4-ch Line Card (concept)

## Benefits: Line Card Concept

- save about 30% on 4-ch Rx/Tx per node
- simple electronic interface
- reduce five line cards into one => saves real estate
- avoid messy fiber management => no connection errors
